RE: Notification of Hazardous Waste Activity
Installation EPA ID # MOD007152903

Attention: Kathleen Q. Camin
Regional Administrator

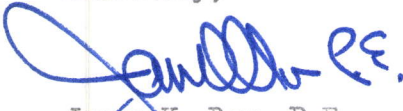

Dear Ms. Camin:

After discussion with other personnel associated with the EPA, it is my opinion that Litton Advanced Circuitry Division should most probably also be categorized not only as a generator but also as a treatment, storage, and/or disposal facility. Therefore, this letter shall serve as an amendment to the Notification of Hazardous Waste Activity submitted by myself 6/20/80.

Be advised that under Section VI Types of Hazardous Waste Activity, Section C Treatment/Storage/Disposal should be marked with an "X".

If you have any questions, please feel free to contact me.

Sincerely,

 P.E.
James K. Dow, P.E.
